Vermonter Studies Gender Barriers in Agriculture

Vermont researcher Caroline Putscher explored the gender barriers in agriculture in a series of nineteen interviews with women farmers from nine counties. The participants described the structures and missions of their farm businesses and outlined their best practices for everything from employment to support networks. Although there were cases of overt sexism mentioned, the women were generally optimistic as they looked towards the future. Read Caroline's report [here](#).

Vermont's Kids Count Rating Drops

Vermont's ranking in the 2018 Kids Count Data Book dropped from 3rd to 8th. Created by the Casey Foundation, the annual report examines variables to determine children's overall well-being. While Vermont has ranked among the top for decades, the most recent data book notes that the state "has things to work on"—citing low birth weight, lack of high school graduation, and unsatisfactory 4th and 8th grade reading levels, among other elements. Save the Date for the Vermont Women's Fund Annual Celebration with Girls Who Code's Reshma Saujani

The Women's Fund hosts its annual celebration this year on Tuesday, October 30 at UVM's Davis Center in Burlington from 5:30-7:30 p.m. They will kick off the evening with a cocktail reception with plenty of time to see friends and colleagues, as well as meet policymakers, business leaders, and community members from around the state. This year, guest speaker is Reshma Saujani, the national founder of Girls Who Code, an organization dedicated to closing the gender gap in technology. Girls Who Code created a template for after-school clubs and specialized summer courses for girls in grades 6 through 12. There are currently over 90,000 girls involved in nearly every state but Vermont! Hopefully, Reshma's visit here might change that. Please mark the date on your calendar!

Vermont Works for Women to Present Women Can Do Expo on October 11th

Vermont Works for Women will host its 20th annual Women Can Do (WCD) exposition at Vermont Technical College in Randolph on October 11, 2018. This energizing one-day career immersion experience is designed to introduce high-school girls from across the state to a breadth of career possibilities. It features dozens of hands-on workshops and action stations highlighting opportunities in the skilled trades, STEM (science, technology, engineering, and math), and non-traditional fields for women. At WCD girls may operate an excavator, weld, climb a fire ladder, build a robot, design a 3D model, create an online game, wield a chainsaw, extract DNA from cells, or change a tire. Interested in supporting this wonderful event? Contact Alison at alamagna@vtworksforwomen.org for more information. Registration for schools opens September 1, 2018.

New Rutland Chapter of Women Business Owners Network Vermont Forms

The Rutland WBON Chapter is excited to hold its first official meeting! This first meeting is a chance to learn all about WBON while also networking with other local

women. At this meeting, attendees will discuss the challenges and successes of business ownership in Rutland and what they want to learn from each other. This casual brown bag lunch meeting, held on Monday, August 6th, is a great opportunity to learn more about WBON and meet other Rutland-area women business owners! [Register here.](#)

Vermont Human Rights Commission Summer Newsletter on Family Separation

“This issue provides information about the federal administration’s “zero tolerance policy” which has separated over 2000 young immigrant children from their parents. When I first heard about it, all I could think of was the movie ‘Sophie’s Choice,’ wherein Sophie, as she is being taken away to a concentration camp in Nazi Germany, is forced to choose which of her two children will go with her and which she will likely (and, in fact) never see again. That our government is engaged in the separation of parents from their children breaks my heart. I urge you to take whatever steps you can to help reunite these families. This is a country that stands for the rights of all to protection of the law. It is our collective responsibility to ensure that we abide by it.” - Karen Richards, Executive Director.
